Dear Millie

Your letter today does me good. Hope you will be good to yourself both mentally and physically.

Pleased to see that A. on the envelope. I send you two letters of Uncle Dennis' one addressed to Aunt Jane the other to me. Thought you would like to see them as they speak of Belle and Emma but feel ashamed to send letters containing quite so much flattery. Should not do it only that you know me and cannot be misled by it. Please send them down to Aunt Jennie when you have

read them as she requested
but returned them not
having answered it.
Mr. Lynch is to supply
the pulpit for 3 months
Dont know what will come
then, Peace at present.
They say (that always means
some of the Bs up here) that
Mr. Alexander would
like to be called to Berkeley
Dont know what the prospect
is. Shall write again this
week as I am in hurry now.
Mamma
Nellie is quite lame, when
she gets well, will write and
ask Mrs. Sill to bring her
sister up for a day or two,
Dont want to now as could
not take them to ride.
